- Summarize of main design ideas for Jefferson Street
- Break into small groups for details
- Identify issues and suggest improvements

Background and Proposed Schedule

Jan 2007	Public Realm Plan Initiated
June 2010	Draft Public Realm Plan Published
Nov 2011	Jefferson St Design Development Initiated
Feb 2012	Jefferson St Construction Drawings Initiated
June 2012	Jefferson St Construction Drawings Completed
~Oct 2012	Jefferson St Construction Begins
~June 2013	Jefferson St Construction Completed

Goal for Jefferson Street

To create a beautiful, lively, and memorable street that strengthens the identity of Fisherman's Wharf

Design Concept, Public Realm Plan

Primary Changes

- Reintroduce curbs to the design
- Return Jefferson and Hyde Streets to two-way traffic
- Maintain current F-line alignment
- No restrictions on private vehicles

Rationale for Changes

- Simplify the design
- Improve bicycle safety
- Calm the street
- Increase flexibility of circulation
- Minimize cost and reduce timeline

Next Steps for Jefferson Street

1. Refine design with input from today
2. Meet with tenants and property owners to confirm details
3. Design lighting, seating, landscaping and other site furnishings
4. Confirm material choices
5. Hold open house in 4 weeks to review design
6. Begin construction documents
7. Finalize funding plan

Small Group Discussions
